## MT. VERNON SUFFERS

### DISASTROUS CONFLAGATION

Miller Hotel and Several Business Houses Destroyed—Two Drunken Men Have To Be Carried Out.

Mt. Vernon's only hotel was destroyed completely and a number of business houses gutted in a fire which broke out at four o'clock Thursday morning. Had it not been for the valiant work of the bucket brigade—for Rockcastle's capital has no fire fighting apparatus—the flames would have spread over the whole town and probably have wiped it off the map. As it was the loss is about \$6,000 or \$7,000, which probably half the amount in insurance. The losses were:

The Miller Hotel, which is located near the depot, loss of \$3,500 with about \$2200 insurance, divided about equally between W. S. Fish of Stanford and E. A. Albright, of Mt. Vernon.

M. J. Miller's storehouse, completely destroyed but with contents saved; loss \$1,000 with \$800 insurance.

Dr. R. W. Dyce's residence, most of contents saved; loss \$1,700 with \$1,200 insurance.

The office of Dr. A. G. Lowell was torn down to prevent the flames spreading to the home and store of Miss Kate Moore.

Although there is a distance of but 20 feet between the Dyce residence and Miss Moore's store, five men with buckets, Frank Longmire, A. G. Bartlett, Bob Ping, S. B. McKenzie and Walter Miller took their place before the flames and declared they would stop the fire, if others would keep them in water. They made a heroic fight and saved the store, and probably the town for a fierce wind was blowing directly from the blazing buildings.

The exact cause of the fire is unknown, but the question was frequently asked on the streets of Mt. Vernon the next day "What drunk man started the blaze?" A number of drunk men are said to have been noticeable at the hotel the night before the fire, and a prominent man is authority for the statement that when the fire broke out, two of them were in such condition that they had to be carried out to save their lives. Mt. Vernon is now without a hotel and offers a splendid location for such an investment, as it is a live, progressive town, growing rapidly.

Keep all your property always protected by having it insured in the companies represented by J. D. Wearren, the Insurance Man, of Stanford. 16-1.

## BUNCH OF INDICTMENTS

Expected To Be Returned By Grand Jury—Court News.

Very little work has been done by Circuit Court this week. The grand jury has been in session every day, and it is expected that a big bunch of indictments will be returned, for the members are understood to be doing some investigating which is expected to turn up wrong-doers of every character. Especial attention is being paid, it is said, to the illicit sale of whisky, and many indictments for this offense are expected.

A few minor cases have been disposed of by the court, but big trials will probably not be reached until next week.

Attorneys for Anderson Carr, the local negro, upon whose place two kegs of whisky were found, have taken an action before Judge Hardin, seeking to prevent trial in the police court, on the ground that the city ordinance is invalid, because of the fact that the penalty it provides does not agree with the state law penalty for the same offense. In the event, the case goes before the higher court, it is expected an indictment will be returned and the case tried before a jury this term.

All parties indebted to the firm of Coffey & Coleman, are hereby notified that their accounts have been turned over to me for collection. Any parties owing the above firm will please send check to C. R. Coleman who requests that each and every one indebted to the firm will promptly remit promptly as their business must be settled up. C. R. Coleman, Agent. 14-2.

Foley Kidney Pills will cure any case of kidney or bladder trouble not beyond the reach of medicine. No medicine can do more. Shugars & Tanner.

## HUSTONVILLE.

We regret to hear that Mrs. Maggie Dunn fell Thursday morning and broke her hip bone. Mrs. Dunn had gone to draw a bucket of water from the cistern when she slipped and injured herself. Its very unfortunate for her being used to such an active useful, life and the necessity of being quiet, will hurt most as much of the broken bone. However this is just one of the many obstacles this good woman has met and overcome and we feel sure she will come out again a winner.

Mrs. E. McCormack visited her daughter Mrs. J. H. Woods last Friday.

Messrs. Vernon Lear and Jones Baughman were here for a short time Monday.

Mr. Joe Goode, of Stanford, was a guest of Mr. Bowen Goyer here Friday.

Miss Lois Willis delightfully entertained a number of her friends Thursday evening. As the evening advanced refreshments were served and guests departed to their respective abodes, feeling again, it was their good fortune to have spent such a delightful evening with such a charming hostess. Among those present were: Misses Angie Carpenter, Bessie Riffe, Bessie and Sadie Baughman, Hettie Floyd, Margaret McCormack, Ada Alcorn, Beecher Newbern, Eliza B. Rout, Josephine Sandidge, Anna Floyd and Priscilla Newbern, Messrs. King Carpenter, Joe Route, Hudson Bohon, Carlisle Myers, T. D. Newbern, Henry Baughman, Clinton Bastin, Will Neal, Hugh Sandidge, Paul Willis.

## MORE SPLENDID AVERAGES AT PEOPLES' WAREHOUSE

Big Prices Ruling and Growers Leave Happy and With Well Filled Pocket Books

There will be a union foreign missionary rally at the Christian church in Hustonville Sunday night, February 25th at seven o'clock.

More splendid averages were obtained at the People's Tobacco Warehouse at Danville, at the sales Thursday morning. One of the crops sold was a Lincoln county crop and a most satisfactory price was realized for the week. The People's Warehouse under the able management of Col. Ike Dunn is making the greatest record of its career this season. It is getting the prices for the growers which send them away with words of praise for their treatment and is giving each and every one of them a fair, square deal all around.

The tobacco market is better right now than it has been before this season, and those growers who are taking their crops to the People's Warehouse are getting the cream of the market. Three sales of note on the breaks Thursday were as follows:

## STANLEY McINTOSH.

Is Elected Cashier of Bank at Brookville, Ohio.

His many friends in Lincoln will be glad to know of a further promotion for Stanley McIntosh since he left the cashiership of the Waynesburg Deposit Bank a few months ago. Last week's issue of the Brookville, Ohio, Star, said:

At the regular meeting of the Board of Directors of the First National Bank, Monday evening, Mr. O. G. Harrison was promoted to the position of second vice president, and Mr. Stanley McIntosh, of Cincinnati was elected cashier in Mr. Harrison's stead.

Mr. McIntosh came from the Second National Bank of Cincinnati, with very high recommendations and with broad banking experience, and prior to his connection with the Cincinnati bank, spent several years in the capacity of cashier in a county bank.

## NOBLE WOMAN

Passes to Reward After Long and Useful Life—News from Casey

Middleburg, Feb. 22.

Mrs. Delia Wesley died at the home of her son Jason Wesley at Liberty Friday morning and was buried in the Middleburg cemetery beside her husband, Dr. J. T. Wesley Saturday afternoon. Funeral services were conducted at the Methodist church by her pastor, Rev. Perryman assisted by Revs. J. S. Taylor and J. Q. Montgomery. Mrs. Wesley had been a member of the Methodist church since early childhood and was an earnest Christian woman a kind neighbor and a loving mother.

J. M. Davis, who lives on the Liberty pike two miles below town, will have a sale of his household effects Saturday March 2nd, preparatory to moving to Illinois.

The burning of tobacco beds has been the program here since the weather began to behave better.

The Ladies Aid Society of the Baptist church will give a pie supper at the College here Friday night February 23. An interesting program has been arranged and a good time is anticipated.

It is said that Representative Henry Thomas finds time from his arduous labors in the legislature at Frankfort to come home, and look after the interests of the Casey County News auctioneer sales and attend to other business. We would not be understood as finding fault with our representative for as to ability and trustworthiness he is decidedly above the average sent from this district. The truth is there is nothing mean about Henry Thomas but his miserable politics.

Dr. J. M. Haney was at Ellisburg, two days of last week. Jesse Fogle went to Arabia Sunday to see a mighty pretty girl. John Q. Rowland and Q. R. Jones went to Stanford Friday on business. Miss Minnie Hansford is with relatives at Boyle. Mr. and Mrs. P. H. Taylor of Danville attended the burial of Mrs. Delia Wesley here Saturday.

Money—I have \$2,000 to loan on first-class collateral or real estate. J. B. Paxton Stanford, Ky.

## GEORGE D. FLORENCE TO

### BE ONE OF 8th DELEGATES.

To National Republican Convention—County Chairmen Pledge This District to President Taft

The Eighth Congressional district delegates to the Republican national convention at Chicago next June were pledged to vote for the renomination of President Taft at a meeting of the county chairmen from over the district at Danville last Tuesday night. The county chairmen of course expect to control their county conventions and name delegates to the state convention who will support Taft.

At the meeting of the chairmen it was decided that Commonwealth's Attorney George D. Florence, of this city, and Postmaster, C. C. Wallace, of Richmond, will be named as the Eighth's two delegates to the Chicago convention. Judge L. W. Bethurum, the Eighth's member of the state committee, will be re-elected. The naming of Mr. Florence as one of the delegates is deserved recognition of this popular young republican. No member of that party in this section of the state stands higher than he and he is recognized as one of its foremost leaders in the Eighth.

Judge George L. Davison, and Mayor A. B. Florence attended the meeting from Lincoln county and had the proxy of County Chairman R. L. Davison. They report that the various chairmen stated that there is very little Roosevelt sentiment in the Eighth district, and no trouble is anticipated in swinging a solid delegation for Taft.

There is undoubtedly some Roosevelt sentiment in Lincoln, but no leadership, and it is doubtful if those who desire the nomination of the ex-president will make any sort of a fight against the overwhelming Taft organization. If there were a presidential primary law on the statute books, there might be an interesting fight between the two factions.

## BACH CLUB MEMBERS

Delightfully Entertained Last Week At Home of Harry Reinhart.

The Bach Club of the High School was charmingly entertained on Friday evening at the home of one of its members, Mr. Harry Reinhart. The house was beautifully decorated for the occasion in the Club colors, yellow and white, the color effect being carried out in the delightful refreshments served. The valentine contribution box displayed, was filled and a goodly sum realized toward the purchase of the Club's musical dictionaries.

In the contest of grouping words from the names of popular musicians born in the month of February, Miss Mary E. Spink, of Colesburg, and Mr. James Cooper, were the lucky winners. The prize was a hand embroidered belt, which the club leader, Miss Ellen Ballou, presented. A game with hearts as trumps was played and as Prof. Garvey Kemper knew less about hearts than the others present, he was awarded a bachelor's consolation string consisting of divers buttons, pins, and pierced hearts. Miss Martha Hommel claimed the old maid's prize, having failed the greater number of times to blow soap bubbles through a valentine heart, and was given a bottle of ketchup by Miss Ballou, with the admonition to catch-up, were it possible, with some gentleman before her race of life is completed.

Only one leap year proposal was reported during the evening. Every member of the club—Messrs. Holtzclaw, McRoberts, Carpenter, Baughman, McKinney, Singleton, Matheny, Raney, and Messrs. T. Coleman and Reinhart was present with the guests. Misses Hommel, Spink, Inman, Cook, Fetter, Hopper, and Palmer, and Messrs. Kemper, H. Coleman, Hill, Waters, McCarty, C. Coleman, Cooper, S. Hill, Bright and Yeager.

Gov. McCreary has appointed former Editor W. P. Walton as a colonel on his staff.

Poor old "Marse Henry" is out with another attack on Woodrow Wilson, and threatens to come out of his hibernation in Florida when the onions bloom again, and make a determined fight to prevent Kentucky instructing for the peerless New Jerseyite for president. Mr. Watterson appears to labor under the impression that to oppose any cause he champions or to favor any man whom he is against, is making a personal warfare upon himself. He was never more mistaken. There are thousands of Kentuckians who admire the old man, as one of the state's most distinguished and famous citizens, yet, on the other hand, haven't the slightest confidence in the world in his political beliefs. His puerile attack on Woodrow Wilson has done more than any other thing to solidify the Kentucky Democracy for him. Mr. Watterson's treatment of leveland to begin with, shook the confidence of the great mass of the party in his leadership. Then came his treachery in 1896 when he led the bolt against Bryan. That and his betrayal of Beckham, the party's nominee for United States Senator are too fresh in the minds of Kentuckians for effacement. And the spectacle he made last year "limping in the rear" behind McCreary and his triumphant hosts, because the candidate for governor, would not allow him to dictate the platform completes the picture of a disappointed and discredited would-be leader of his party, now seeking to tell its members who shall or shall not have its nomination for the ed bypresidency. The situation were really humorous were it not for the pathos engendered by the spectacle of the marvelous assumption of this great old man that he is it with a big I, in Kentucky politics.

Judge Robert L. Stout is going after the election crooks with an iron hand over in Campbell Cantrill's county of Scott. He barred from jury service as long as he is on the bench, five members of the recent grand jury who refused to sign an indictment against election thieves in the recent democratic primary.

### A GREAT ENTERPRISE COMES TO STANFORD.

Penny's Drug Store Makes an Important Connection With the Largest Co-operative Corporation in America, Backed by Men Doing An Annual Business Amounting to \$75,000,000—People of City of Stanford Are Greatly Benefited by It

The proprietor of Penny's Drug Store, of this city, has, with characteristic enterprise, demonstrated his ability to keep well abreast of the times by connecting himself with the largest druggists' co-operation in America. The men connected with this enterprise do a yearly business aggregating over \$75,000,000, which well emphasizes its soundness and magnitude.

Nearly 5,000 retail druggists throughout the United States and Canada have organized themselves as a co-operative company for the purpose of producing a fine of medical preparations. The formulas of these remedies absolutely guarantee and back up with their own names and personal reputations. The formulas of these remedies are thoroughly known to every one of these druggists and the ingredients of each will be truthfully described to the public and the remedies sold with the distinct understanding that their purchase price will be instantly refunded without question or quibble if they fail to benefit the user. This means that the public is sole jury and judge.

Different formulas were turned over to the company from most reliable sources. Each formula being selected because of its tested and proved value and established reputation, gained through continued and successful use in a high average of cases.

A research committee of chemists and physicians made a most thorough and exhaustive test of each one of these prescriptions until they had selected a very large list as being of the very best and most dependable known to medical science, each for the treatment and relief of a particular ailment.

These remedies are now manufactured by the company, which is known as the United Drug Co., Boston, Mass., in one of the largest, most modern and best equipped pharmaceutical laboratories in America.

The tremendous output of this company enables it to purchase drugs, herbs and other necessary material in very large quantities. The co-operation and professional advice of nearly 5,000 leading druggists guarantees the high quality of everything used and guarantees that only formulas of known merit are used in the manufacturing of their products.

The preparations of the company are shipped direct to the retail druggists who are connected with the enterprise. Thus their absolute freshness as assured is it almost impossible for their quality to deteriorate, there are no middlemen's or jobbers' profits to be added to their cost, and the public can obtain these products at actual cost of manufacture, plus a single retail profit.

One noticeable feature of this business, and a very commendable one, is that no one remedy manufactured by this company is a "cure-all." Each one of the many different remedies is a known and dependable treatment for a particular ailment. The confidence of the druggists interested in this enterprise is unquestionably demonstrated by this

guarantee, which is printed on every package: "The United Drug Co., and the Rexall Store selling this preparation guarantee it to give satisfaction. If it does not, go back to the store where you bought it and get your money—it belongs to you, and we want you to have it."

This is certainly an innovation that must appeal to the people of Stanford. It insures safety and satisfaction because our local druggist, Mr. G. L. Penny, who is so well known and highly respected for his integrity, is connected with this enterprise and is staking his own personal reputation on the quality of these remedies, and the very frankness with which he takes the people of Stanford into his confidence insures an unprecedented success for these remedies, which are sold under the trade name Rexall which means King-of-All. From reports coming from hundreds of towns and cities, the Rexall Remedies are certainly demonstrating their full title to the name.

Those who have previously refused to buy proprietary medicines because there was no way of ascertaining their ingredients, can now purchase Rexall Remedies, the formulas of which they can have for the asking. Besides, they are sold by a concern personally known to you and located right here in our own city, who guarantees that they are in every way as represented or they will cost you nothing.

Rexall Orderlies are one of these remedies. They are for the treatment of constipation in every form, except it be of a surgical nature. They are eaten like candy and do not cause griping, excessive looseness or other annoyances whatever. They come in three sizes, ten, twenty five and fifty cents.

The proprietor of Penny's Drug Store is so well and favorably known for his sterling honesty and square dealing that we predict a great success for him with the Rexall Remedies, and he is to be heartily congratulated in bringing this great and modern business to Stanford.

We urge all who may be in need of prepared medicines to call at Penny's Drug Store and learn about the Rexall Remedies. Enterprise of this sort should be encouraged.

Penny's Drug Store, Mrs. George D. Wearan has been on the sick list for several days. He is suffering from a heart attack.

## A Remedy No Family Should Do Without

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, the dull feeling may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pepsin.

It is a liquid laxative-ionic, mild, and never gripes, is effective on robust people and can be given with safety to an infant. Children like it because of these gentle qualities and because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver and bowels, and many people like R. H. Morgan, Price, Tenn., and Mrs. H. C. Davidson, Wart- race, Tenn., say they would as soon be without the necessities as without Dr. Caldwell's Syrup Pepsin.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 408 Washington St., Monticello, Ill. Your name and address on a postal card will do.

NO ONE STRONGER THAN HIS STOMACH.

The celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general. A recent medical writer says: "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body."

He continues, "so we may be said to live (through) the stomach." He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than

"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. Munken, of Corona, Calif. "I had suffered from it, off and on, for several years. I also suffered from heart-burn, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare to eat as it made me worse. Whenever I swallowed anything it seemed that I would faint—it hurt so. I grew very thin and weak from not eating. Was told to take Dr. Pierce's Golden Medical Discovery. I took five bottles of it, and could feel myself getting better from the first dose. I could eat a little without pain and grew strong fast. To-day I am strong and well and can do a big day's work with ease. Can eat everything and have put on flesh wonderfully. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

Dr. Pierce's Golden Medical Discovery.

Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. Munken, of Corona, Calif. "I had suffered from it, off and on, for several years. I also suffered from heart-burn, did not know what was the matter with me. I tried several medicines but they did me no good. Finally, I was told it was my liver. I did not dare to eat as it made me worse. Whenever I swallowed anything it seemed that I would faint—it hurt so. I grew very thin and weak from not eating. Was told to take Dr. Pierce's Golden Medical Discovery. I took five bottles of it, and could feel myself getting better from the first dose. I could eat a little without pain and grew strong fast. To-day I am strong and well and can do a big day's work with ease. Can eat everything and have put on flesh wonderfully. I will say to all sufferers write to Dr. Pierce. He has my undying gratitude."

Horses sold from \$60 to \$80 cows from \$30 to \$40; corn \$3.50 a barrel; fodder 44 cents a shock; side meat brought 11 cents a pound. Mr. Vanhook will soon leave for Indiana to make his future home.

### COLT FUTURITY

Announced By Catalogue Committee of K. P. Fair.

The catalogue committee of the Knights of Pythias fair, is announcing a Colt Futurity as one of the most attractive features of the splendid program which will be given. Nominations for mares are being received now, and so much interest is being taken in it by the many breeders of good stuff in Lincoln and adjoining counties, that it is believed the amount of the stake will go as high as \$100.

Mares must be nominated by March 15th when a payment of \$1 must be made.

On or before June 1st, a payment of \$2 must be made, on each mare, an owner desires to keep eligible and at that time each Mare's name and color and the name of the horse to which she was bred in 1911 must be given.

On August 15th the week before the fair, the color and sex of the foal must be given and a fee of \$2 paid. This is the final fee, making \$5 in all. The money will be divided into four prizes on a basis of 40 per cent to first; 25 per cent to second; 15 per cent to third and 10 per cent to fourth. It is planned to open a mule colt futurity upon the same basis, in view of the very high class hybrid youngsters which are produced in this section.

### ONLY ONE "BEST"

Stanford People Give Credit Where Credit is Due.

People of Stanford who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's kidneys only, and testimony of that is backed by willing testimony of Stanford people. Here's a case:

Mrs. S. J. Hubble, Lancaster St., Stanford, Ky., says:

"I know that Doan's Kidney Pills helped me and I, therefore, have not the least hesitation in recommending them. My kidneys were disordered for some time and although my condition was not serious, I was nevertheless annoyed a great deal. My backaches almost constantly and sometimes became so lame that it required a great effort for me to stoop. There were also other symptoms of kidney complaint that caused me distress. Since using Doan's Kidney Pills, procured at Shugars and Tanner's drug store, all these troubles have disappeared and my health has improved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
